The percentages this year were: Michigan Central, 12%; Lake Shore, 24.30%; Penn. Lake Shore, 20.90%; Grand Trunk, 5.20%; Balance and last year were: Michigan Central, 22.32%; the same, 21.60%; Penn. Wayne, 14.41%; Penn. Handl., 14.41%; Baltimore and Ohio, 5.02%; Grand Trunk, 8.71%.

The market opened strong; early prices were fully equal to yesterday's closing figures, and generally fractionally higher. But there were no further advances of a startling character, except for Delaware, Lackawanna and Western, which, after opening up 3% per cent at 120%, quickly advanced to 121 1/4%. Central and Hudson sold up from 129 1/2% to 129 1/4%, and Lake Shore from 104 1/2% to 105 1/4%, and for a time the price held pretty steady within 4 1/2% per cent of the highest figures. Lake Shore was in abundant supply for borrowers flat, and later at a small rate of interest for carrying, and Central and Hudson, which at first commanded 1-3/2 per cent premium for use, later loaned that Northern Pacific preferred early developed weakness and declined from 70% to 77% to 75% but the movement was without effect on the general market. It was past midday when the market began to weaken, and then the decline was slow; but at fifteen minutes before the closing hour it had amounted to as much as 8 1/2% per cent from the earlier figures. Central and Hudson was down 1, Lake Shore 1 1/4, Delaware, Lackawanna and Western 3 1/4, Central of New-Jersey 1 1/2, Michigan Central 1 1/2, Missouri Pacific 1 1/2, Erie 1 1/2, Denver and Rio Grande 7 1/2, and Walsh preferred 7 1/2 per cent and less active stocks were proportionately lower. Western Union had remained firm all day at 82 1/2% after early sales at 82%. In the last moments Western Union and Denver and Rio Grande suddenly developed an active and urgent demand, which marked the first-name from 82% to 83 and the last-name from 55 1/2 to 57 1/4. The effect on the general market was magical; dollars gave place to activity and in five minutes the best part of two hours' demand was recovered. That is the way the market closed.

Government bonds were a little more active, and the business at the Boards amounted to \$91,000. The bids for the continued 6s were 1 1/2 per cent higher; otherwise the prices were only steady at the annexed quotations:

In State bonds Tennessee 6s declined from 55 1/2 to 54%, but other issues were neglected. Of city bank stocks Commerce sold 40 at 152.

The feature in the railroad bond market was the sharp advance, with only moderate amount of sales, in the price of Erie second consols; from 91 1/2% against 90 1/2% at yesterday's close, the price rose to 92 1/2%, reacted to 92 and closed at 92 1/2%, the reported sales aggregated \$32,000. The funded 5s sold at 88 1/2% against 87 1/2%, the last previous sale, Missouri, Kansas and Texas first consols were 1 1/2 higher at 105 1/2%. Boston, Hartford and Erie firsts 1 1/4 higher at 47 1/2%, and Central of New-York consols were up to 110%. Mobile and Ohio first debentures sold at 60% and seconds at 41 1/2%. Canada Southern firsts were 1 1/2 higher at 95 1/2%, and St. Louis and Iron Mountain firsts at 75 were 3 per cent higher than the last previous sale. Ohio Central firsts advanced 1 per cent to 95. Louisville and Nashville general maturities were steady at 95 1/2%, and Norfolk and Western general 6s at 101 1/2%. St. Paul and Omaha consols sold at 121 1/2% and firsts, Chicago, Pacific and Western, at 94 1/2% 94 1/2%, and St. Paul and Omaha consols were 1 1/2 higher at 102 1/2%. Denver and Rio Grande firsts were active at 112 1/2%, and the consols 1 1/2 higher at 104 1/2%. The Texas and Pacific issues were quiet after yesterday's activity; incomes were unchanged at 60% and firsts, Rio Grande division, were 4% lower at 70 1/2%. Northern Pacific firsts were strong at 102 1/2% 103 1/2%. New Orleans and Pacific firsts were up 1 per cent to 87, and Fort Worth and Denver firsts were 7 1/2 higher at 92.
